Liner Less Labels Allow Variable Length And Print Formats

Liner Less Labeling

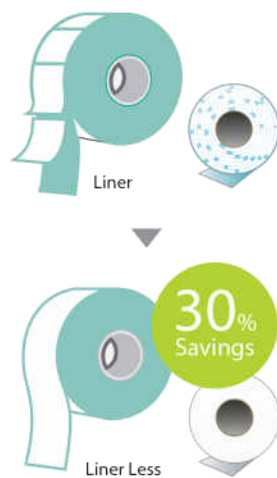

The SM-5300 offers the liner less with built-in auto-cutter functionality that allows printing of labels of variable lengths from a single roll of label.

- Attractive Label
- Reduce Label Cost
- Reduce Logistic Cost

Economical, Efficient & Eco-Friendly

Without the liner, the number of labels per roll will be increased significantly. Operational period is lengthened with few pauses for label changing downtime.

- Reduce Label Wastage
- Eco-Friendly
- Increase Operation Efficiency

Integrated Queue & Collection System

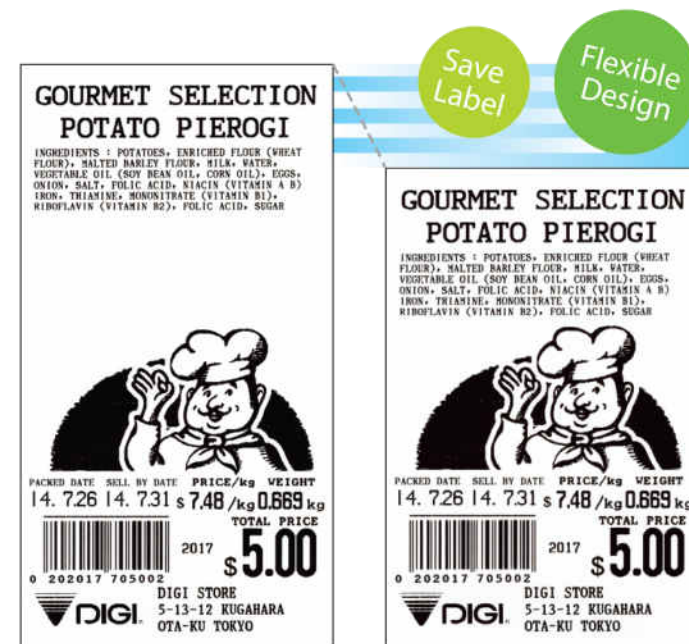

The integrated queue and collection system provides shoppers with the convenience to continue shopping while waiting for their turn to be called, effectively reducing walk-aways and increasing sales.

- DIGI Q-Alert Application
- Multiple Department Queue
- Customisable Queue / Collection Ticket

World's First Auto-Cutter Weigh Labeller

The world's first weigh-labeller with built-in auto-cutter ensures a smooth cut even after long term use.

NF-02 - Quick Login For Clerk Operation

With the near field identification (NF-02) feature, it eliminates the tedious process of keying in clerk password manually. The scale detects the NF-02 tag and automatically registers the clerk.

- Fast Operation
- Reduce Error
- Automatic Clerk Detection

SM-5300 Variations

InfoTag Electronic Signage

Promotional messages, product information and pricing can be displayed on the InfoTag through easy connection with SM-5300 via a wireless base station.

- Wireless Update
- Price Integrity
- Minimum Human Intervention

Sales Training & Product Information

Equip your sales staff with a wealth of experience by supporting them with advertising content, cross-selling, sales training and product information for consumers.

Ramp up your sales by enhancing your service!

Weigh Labeller With ECR Function

- Receipt Printing
- Multi-Level Discount
- Flex-Key
- Uses less counter space than conventional systems

Traceability, Security & Networking

Protection from unauthorised manipulation and access is taken care by features such as:

- Audit Trail
- Date and Time Stamp
- Price Override Lock
- Password Protection
- Wireless Network Security (WPA / WEP / LEAP)

The supported network interfaces provide the option of connection via:

- Ethernet 10/100 Based T(TCP / IP)
- Wireless LAN IEEE.802.11 a / b / g / n

e.LABEL Hi-Touch

Size: 77 x 12 x 62 mm

- Wireless Remote
- Preset Keys
- 3-Step Operation
- Reduce Error
- High Contrast
- Display
- IP-67

Interactive Customer Display

The SM-5300 comes with a 7" WVGA customer display that shows useful information for your customers.

- Up Sell
- Cross Sell
- Recipes
- Promotion
- Advertisement

7" WVGA Customer Display

Scale Management Application

Our scale management application makes it easy to manage Price Look-Up (PLU) data and preset key allocation from a centralised location. Information such as label design, playlist management and product information can be managed easily from the back office.

Remote Diagnostic & Central Monitoring

Remote diagnostic and troubleshooting capabilities allow users to monitor scale performance remotely without compromising the down time by sending technician to site.
